

# Embracing Nature

With Western Sunfolk

Nestled in the beautiful Welsh hills outside of Monmouth is a hidden gem. Western Sunfolk is a naturist club that has been tucked away in this corner of the world for over 85 years.

First started in 1935 by hardy pioneers this beautiful landscaped and wooded area has been lovingly tended by generations of Naturists to give us a haven of peace and tranquility where we can free ourselves from all the stresses and strains that come with modern life.

Our aim is to break down barriers and demonstrate that naturism is a natural and enjoyable way of life. It is not only about feeling the sun on your skin and seeing the green world around us, but also about body acceptance. It is something that makes you feel good in body, mind and soul, no matter what age, body shape or background.

We have a pavilion for coffee making and socializing with other club members, a fully enclosed heated swimming pool, indoor and outdoor sports facilities and modern shower blocks.

Come and experience the friendliness and openness of our members, the delights of freeing yourself from the world outside and the enjoyment that being in the fresh air can bring.
